### **“Examining the Link Between the EU Emissions Trading Scheme and Higher Energy Prices to the EU Manufacturing Sector”**

The US Congress has spent considerable time examining climate policy options. Much of the discussion has centered on “cap & trade”. We invite you to join us in hearing about the only cap & trade system in operation any where in the world- the EU Emissions Trading Scheme. Please join us to hear first hand the views of the EU industry on this important policy and its impact on manufacturing. Mr. Peter Claes is the Chairman of the International Federation of Industrial Energy Consumers-Europe, and Chairman of the Energy Committee of the European Chemical Industry Counsel.

Guest Speaker:  
Mr. Peter Claes  
General Manager  
FEDICHEM  
Federation of Belgium Chemical Industries

Thursday, September 14, 2006
