Re: Executive Order on Strengthening Buy-American Preferences for Infrastructure Projects

Dear Mr. President:

On behalf of the member companies of the Industrial Energy Consumers of America (IECA), we applaud your executive order on “Strengthening Buy-American Preferences for Infrastructure Projects.” It is vital to maximize the use of goods, products, and materials produced in the United States in order to promote U.S. manufacturing jobs and investment.

The Industrial Energy Consumers of America is a nonpartisan association of leading manufacturing companies with \$1.0 trillion in annual sales, over 3,700 facilities nationwide, and with more than 1.7 million employees worldwide. IECA membership represents a diverse set of industries including: chemicals, plastics, steel, iron ore, aluminum, paper, food processing, fertilizer, insulation, glass, industrial gases, pharmaceutical, building products, automotive, brewing, independent oil refining, and cement.

Thank you for your leadership and we welcome the opportunity to work with you and the Administration to advance your manufacturing agenda.

Sincerely,

Paul N. Cicio
President
