Re: Manufacturers Support S. 1863, the "PROVE IT Act"

Dear Senator Coons and Senator Cramer:

On behalf of the Industrial Energy Consumers of America's (IECA), we support S. 1863, the "PROVE IT Act," which requires the Secretary of Energy to conduct a study and submit a report on the greenhouse gas emissions intensity of certain products produced in the United States and in certain foreign countries.

Thank you for your leadership. Please let us know how we can be helpful in moving this legislation.

Sincerely,

Paul N. Cicio
Paul N. Cicio
President & CEO

The Industrial Energy Consumers of America is a nonpartisan association of leading manufacturing companies with \$1.1 trillion in annual sales, over 12,000 facilities nationwide, and with more than 1.8 million employees worldwide. It is an organization created to promote the interests of manufacturing companies through advocacy and collaboration for which the availability, use and cost of energy, power or feedstock play a significant role in their ability to compete in domestic and world markets. IECA membership represents a diverse set of industries including: chemicals, plastics, steel, iron ore, aluminum, paper, food processing, fertilizer, insulation, glass, industrial gases, pharmaceutical, building products, automotive, independent oil refining, and cement.
